

KEEP YOUR SHOWER DOOR OR ENCLOSURE CRYSTAL CLEAR WITH CLEARSHIELD™

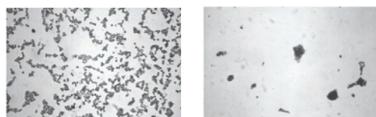

We highly recommend ClearShield™ to extend the life of your Shower Door or Enclosure ... plus it will make cleaning so much easier. The ClearShield™ coating works like non-stick cook wear, it bonds to the surface of the glass and acts as a lasting protective barrier. It stops limescale and other residues from sticking to the surface of the glass.

We also recommend ClearShield™ Aftercare ... a non-abrasive daily cleaner that removes soap residue and lime scale while it disinfects. It's easy ... spray on glass surfaces, wipe with a damp cloth and rinse with clean water.

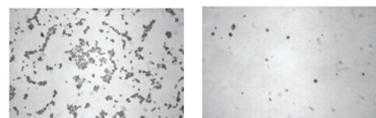

ClearShield™ will warranty your glass surfaces against glass contamination for 10 years.

CLEARSHIELD™ ALSO KEEPS YOUR GLASS HYGIENICALLY CLEAN BY REDUCING BACTERIAL GROWTH.

Transform Your Bath into a Luxurious Spa-like Retreat.

Your "luxury spa" can be custom designed to match your personal tastes.

Enhance "your look" with a wide choice of designer, heavy glass surface textures. Or create your very own "image" with custom etched glass. Options and combinations for handles, trim and hinges are endless and available in dozens of high fashion finishes ... polished, brushed or oil rubbed. Steam options are available on any swing door model.

With our ultimate craftsmanship, you'll be proud to "show-off" your creation for years to come.

Trust the Glass Shower Door & Enclosure Experts!

Since 1970, thousands of homeowners and professional builders have trusted the designers and craftsmen at BGS Glass Service. We have the experience to do it right.

We do it all ... from design to fabrication to installation. No Sub-contractors. No part-time helpers. You can trust our dedicated team of professionals every step of the way. Our entire team shares the same mission ... a commitment to excellence, craftsmanship and attention to detail.
